Moodle app

With the Moodle app, you can learn wherever you are, whenever you want, with these app features:

- Easily access course content - browse the content of your courses, even when offline
- Connect with course participants - quickly find and contact other people in your courses
- Keep up to date - receive instant notifications of messages and other events, such as assignment submissions
- Submit assignments - Upload images, audio, videos and other files from your mobile device
- Track your progress - View your grades, check completion progress in courses and browse your learning plans
- Complete activities anywhere, anytime - attempt quizzes, post in forums, play SCORM packages, edit wiki pages and more - both on and off-line

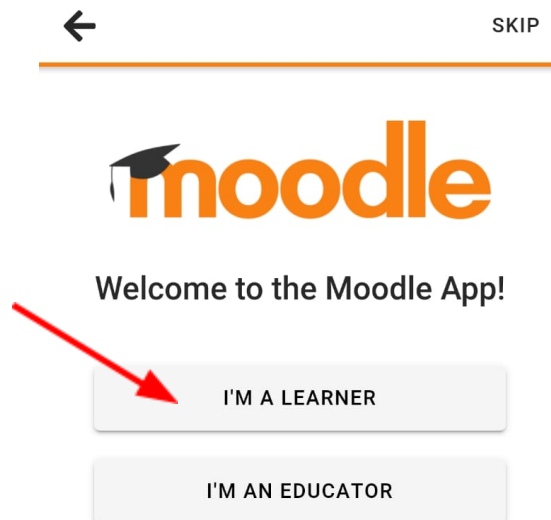

... and more!

To access your Moodle or MoodleCloud sites on your mobile devices, please ask your site administrator to enable mobile services.

See the [Moodle app documentation](#) and [Moodle app release notes](#) for all the latest information.
